INDEPENDENT AUDITORS' REPORT

To the Board of Directors of Education Through Music, Inc.

We have audited the accompanying financial statements of Education Through Music, Inc. (a nonprofit organization), which comprise the statements of financial position as of August 31, 2019 and 2018, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Education Through Music, Inc. as of August 31, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

AUGUST 31, 2019 AND 2018

Note 1 - Organization and Summary of Significant Accounting Policies

a - Organization

Education Through Music, Inc. (the "Organization") partners with under-resourced schools to provide music as a core subject for all children, and utilizes music education as a catalyst to improve academic achievement, motivation for school and self-confidence.

b - Cash and Cash Equivalents

The Organization considers all short-term highly-liquid investments, such as money market funds, to be cash equivalents, except for cash awaiting investment.

c - Investments

The Organization reflects investments at fair value in the statement of financial position. Unrealized gains and losses on investments are reflected in the statement of activities. Interest, gains and losses on investments are reflected in the statement of activities as increases and decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulations or by law. Investment income restricted by the donor is reported as increases in net assets without donor restrictions if the restrictions expire in the fiscal year in which the income is recognized.

d - Fair Value Measurements

The Organization is required to use a framework for measuring fair value and make certain disclosures about fair value measurements. Fair value is a market-based measurement, not an entity-specific measurement, and is based on a fair value hierarchy with the highest priority being quoted prices in active markets. Fair value measurement is disclosed by level within that hierarchy.

Unadjusted quoted prices in active markets for identical assets or liabilities are referred to as Level 1 inputs. Inputs other than quoted market prices that are observable, either directly or indirectly, and reasonably available are referred to as Level 2 inputs. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability and are developed based on market data obtained from sources independent of the Organization. Unobservable inputs reflect the assumptions developed by the Organization based on available information about what market participants would use in valuing the asset or liability and are referred to as Level 3.

An asset or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Availability of observable inputs can vary and is affected by a variety of factors. Level 3 assets and liabilities involve greater judgment than Level 1 or Level 2 assets or liabilities.

All of the Organization's investments are classified within Level 1 of the fair value hierarchy. Fair value is determined using quoted market values.

NOTES TO FINANCIAL STATEMENTS

AUGUST 31, 2019 AND 2018

Note 1 - Organization and Summary of Significant Accounting Policies (continued)

d - Fair Value Measurements (continued)

The values assigned to these investments and any unrealized gains or losses reported are based on available information and do not necessarily represent amounts that might be realized if a ready market existed and such differences could be material. The ultimate realization of such amounts depends on future events and circumstances and therefore, valuation estimates may differ from the value realized upon disposition of individual positions.

e - Contributions and Unconditional Promises to Give

Contributions are recognized when the donor makes a promise to give to the Organization, that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions.

f - Financial Statement Presentation

The financial statements of the Organization have been prepared in accordance with U.S. generally accepted accounting principles, which require the Organization to report information regarding its financial position and activities according to the following net asset classifications:

Net Assets Without Donor Restrictions

Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of the Organization's management and Board of Directors.

Net Assets With Donor Restrictions

Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

g - Property and Equipment

Property and equipment are capitalized at cost and are being depreciated using the straight-line method over the estimated useful lives of the assets or for leasehold improvements, the life of the lease.

NOTES TO FINANCIAL STATEMENTS

AUGUST 31, 2019 AND 2018

Note 1 - Organization and Summary of Significant Accounting Policies (continued)

h - Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

i - Tax Status

Education Through Music, Inc. is a not-for-profit organization exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code and has been designated as an organization which is not a private foundation.

j - Subsequent Events

The Organization has evaluated subsequent events through December 12, 2019, the date that the financial statements are considered available to be issued.

k - Functional Allocation of Expenses

The financial statements report certain categories of expenses that are attributable to more than one program or supporting function. Expenses are applied directly to programs where applicable or allocated on a reasonable and consistent basis. A substantial portion of the Organization's expenses are directly related to program activities, which are made up of educational and music programs. The expenses that are allocated include depreciation, interest, insurance, general office expenses, and occupancy costs, which are allocated on a basis of time and effort.

I - New Accounting Pronouncements

The Organization adopted Accounting Standards Update (ASU) No. 2016-14, *Notfor-Profit Entities (Topic 958), Presentation of Financial Statements of Not-for-Profit Entities.* The ASU amends the current reporting model for nonprofit organizations and enhances their required disclosures. The major changes include: (a) requiring the presentation of only two classes of net assets now entitled "net assets without donor restrictions" and "net assets with donor restrictions"; (b) requiring the disclosure of quantitative and qualitative information regarding liquidity and availability of resources; (c) requiring that all nonprofits present an analysis of expenses by function and nature and disclose the methods used to allocate costs; (d) modifying the presentation of underwater endowment funds and related disclosures; and (e) modifying other financial statement reporting requirements and disclosures intended to increase the usefulness of nonprofit financial statements. As permitted under the ASU in the year of adoption, the Organization opted to not disclose liquidity and availability information for 2018.

NOTES TO FINANCIAL STATEMENTS

AUGUST 31, 2019 AND 2018

Note 1 - Organization and Summary of Significant Accounting Policies (continued)

I - <u>New Accounting Pronouncements</u> (continued)

In February 2016, the FASB issued ASU 2016-02, "Leases (Topic 842)". The core principles of ASU 2016-02 change the way organizations will account for their leases by recognizing lease assets and related liabilities on the statement of financial position for all leases with terms longer than twelve months and disclosing key information about leasing arrangements. ASU 2016-02 is effective for fiscal years beginning after December 15, 2020. The Organization is currently evaluating the impact of ASU 2016-02 on its financial statements.

Note 2 - Information Regarding Liquidity and Availability

The Organization operates with a balanced budget for each fiscal year based on the revenues expected to be available to fund anticipated expenses. A substantial portion of annual revenue is comprised of program revenue and contribution revenue raised during the current year. The Organization considers general expenditures to consist of all expenses related to its ongoing program activities, and the expenses related to general and administrative and fundraising activities undertaken to support those services.

The Organization regularly monitors liquidity to meet its operating needs and other commitments and obligations, while seeking to maximize the investment of its available funds. Management prepares regular cash flow projections to determine liquidity needs, and maintains liquid financial assets on an ongoing basis sufficient to cover ninety days of general expenditures. Financial assets in excess of daily cash requirements are invested in cash, money market funds, or other short-term investments.

The Organization's financial assets as of August 31, 2019 available within one year to meet cash needs for general expenditures within one year are summarized as follows:
